My experiences with my instructor, Tannis Trydal, have been outstanding! She has anticipated my artistic needs even before I have expressed them to her. My confidence level has been growing by leaps and bounds. It feels as if the Draw and Paint in Your Pyjamas course was written specifically for me and all my artistic needs. ### ***Before and After Student Drawings***

The following 'before' images presented here were completed prior to the student's first week of tuition. The 'after' drawings were completed after studying Cindy Wider's ***'Complete Drawing and Painting Certificate Course'*** for a total of approximately 84 hours over 21 weeks.

People enter this course at various skill levels depending on where they are up to on their own personal creative journey and similar results are gained regardless of their level of ability to begin with. Most people who enter the course begin drawing at a twelve year old child level of ability and rapidly progress to drawing professional-standard drawings like these.
